EXPERIENCE

KPU FK TRISAKTI 2022
Committee Member, Student General Election

- Assisted in voter data verification and technical execution of polling for the university-level Student General Election
- Coordinated with committee members across faculties to ensure the election ran in an orderly, transparent, and timely manner
- Helped socialize election stages to new students to increase voter participation

AMSA-Indonesia (Asian Medical Students' Association)
Participant, Health Education Program for the Deaf Community

- Participated in a health education outreach program designed for the Deaf community, delivered with sign language interpretation and visual communication aids
- Gained practical exposure to inclusive health communication strategies for patients with hearing impairment Contributed to raising awareness on basic health topics among an underserved community, reinforcing a patient-centered and accessibility-conscious approach to healthcare

MENTOR BAKTI SOSIAL 2025
Mentor, Community Health Service Program

- Guided a student group in carrying out a community health service (bakti sosial) program in an assigned area
- Designed and facilitated basic health education sessions and free health check-ups for the community
- Served as liaison between the core committee and participants to ensure activities met planned community outcomes

KASUH LKMMTD 2024 & 2025

Peer Mentor, Basic Student Leadership and Management Training

- Guided and mentored LKMMTD participants in developing leadership, organizational management, and teamwork skills
- Facilitated group discussions and case-study simulations on student organization management
- Provided constructive evaluation and feedback on participants' soft skill development throughout the training

KASUH PKKMB 2023 & 2024

Peer Mentor, Introduction to Campus Life for New Students

- Guided incoming Faculty of Medicine students through orientation to academic life and campus culture
- Served as a small-group facilitator for discussion sessions, ice-breaking activities, and academic briefings
- Helped new students adapt to the university environment and the Faculty of Medicine's learning system

KASUH MABIM 2023 & 2024

Peer Mentor, New Student Mentoring Period

- Mentored new students during the orientation/mentoring period to introduce the values, ethics, and culture of the medical profession
- Served as a personal mentor supporting new students' academic and social adjustment during the transition period
- Played an active role in creating a supportive and conducive learning environment for new students

OSIS SMAN 51 JAKARTA

General Treasurer

- Managed and recorded the organization's cash flow transparently and prepared periodic financial reports for the Student Council
- Prepared budget plans for annual programs together with the core management board
- Coordinated with each division on fund requests and financial accountability for activities

OSIS SMAN 51 JAKARTA

Head of English Division

- Led the English Division in designing programs to improve students' English proficiency
- Organized English Day, English Club, and English debate/public speaking competitions
- Coached division members in preparation for school-level and inter-school English competitions
